General predictions for the Year of the Sheep

The Year of the Sheep is traditionally associated with a feeling of peace & contentment. World conflicts & political upheavals are predicted as less likely. Generally, the pace of life becomes slowed, & people become more caring & emotional.

Those born under the sign of the Sheep can look forward to a stellar year. In addition, those compatible with the Sheep — the Rabbit, Pig, and the Horse in particular — will find 2015's circumstances inspiring them to greater personal happiness and professional success.
